I AM AN OVER THE ROAD DRIVER AND I AM CONSTANTLY USING THE TRAFFIC AND WEATHER CHANNELS OF MY XM RADIO TO CHECK CONDITIONS IN THE CITIES ALONG MY ROUTE. THIS IS THE BEST MEANS TO CHECK CONDITIONS. IT GIVES ME ENOUGH WARNING OF PROBLEMS TO BE ABLE TO PLAN ALTERNATE ROUTES IF NEEDED. IF I HAD ONLY LOCAL TRAFFIC AND ROAD REPORTS IT WOULD BE TOO LATE TO PLAN WAYS AROUND THE PROBLEMS. ALSO IT IS HARD TO FIND LOCAL CHANNELS THAT GIVE TIMELY TRAFFIC AND WEATHER REPORTS. I STRONGLY OPPOSE HR4026
